PEYMON MOTTAHEDEH

I am the Founder and President of Freedom Law School, which I created in 1996. I was born in a Jewish family in Iran. From the ages of 6-14, I attended a Jewish school, but the most impactful learning for me was from my father about the politics of East v. West (America V. Soviet Union),

Arab Israeli Conflict, Iranian politics, where the Shah's (King) Secret Service (SAVAK) could arrest and detain anyone indefinitely, torture and sentence them with summary trials or no trials for merely criticizing the government.

In 1977, at the age of 14, I immigrated to the USA, believing that I was coming to the land of the free. Unfortunately, I learned that the United States had slipped away from many of its founding principles and America was not as free as advertised on television.

At California State University, I studied economics and finance and graduated with a Business degree. I wanted to understand how the world of business and money worked. It was in my first economics class though, that I realized that the Federal Reserve System (the central Bank of the United States) was a privately owned scam, making money out of thin air.

From 1983-1990, I marketed mortgage home loans and worked as a financial planner. In 1989, I became a U.S. Citizen and registered as a member of the Libertarian party. I became an active member of the Libertarian party, to do my part to help America become a free country once again.

In 1992, I heard that the Income Tax system was a giant deception and I learned from other patriots about the New World Order Conspiracy. I have NOT filed any 1040 Income Tax confession forms, paid any Income Tax or Payroll Tax since 1993.

I am passionate about educating and assisting Americans to understand that the intent and purpose of the Declaration of Independence, the U.S. Constitution, and the Bill Rights, is to protect, secure our God-given rights and freedoms. We must know what our rights are, assert them and use the system of laws in place.

My desire is for America to once again be a free country for ourselves and our posterity. Together we can Restore Freedom once again! This is why I founded Freedom Law School. Now, will YOU JOIN with ME in our quest for truth and freedom?

## 2 End Filing Tax Returns!

Did **YOU** know that by Signing a 1040 Income Tax Confession Trap

**YOU claim YOU owe the IRS money**

&

**YOU** give the IRS Power to:

**AUDIT YOU**

**EMPTY YOUR BANK ACCOUNT**

**PUT YOU IN PRISON!**

## 3 Realize the IRS is mostly bluff!

- The IRS is not the powerful entity that the corrupt mainstream media portrays.
- According to government reports, since 2011, there has been a **90%** decrease in forced collections (levies).
- Since 2016, the IRS has deliberately chosen to leave repeat non-filers alone.
- Why? For every \$1 that the IRS spends on filers, the IRS collects **\$340**, whereas for the same \$1 spent on non-filers, the IRS only collects \$2.

Two former IRS Commissioners. Goldberg and Rosotti prove the IRS is 99% bluff. In 2021 they said:

"What's critical here is that substantially all of the revenue increase **does not** come from IRS audits, it comes from taxpayers (**YOU**) when they (**YOU**) file their (**YOUR**) returns."

## 4 Take Courage From Our Victories!

Peymon, the founder of Freedom Law School (FLS), has not filed or paid any U.S. income taxes since 1993. The IRS knows this very well.

The IRS has never attempted to indict or put Peymon in prison for having not filed or paid any U.S. income taxes for almost 30 Years.

### Why?

When you equip yourself with knowledge and are prepared, the IRS **can be** beat.

Let Freedom Law School show **YOU** how!
